

PROSPER AWUNI

Senior Cyber Security Engineer | SIEM/SOAR | EDR | PAM | Vulnerability Management | Asset Management Ready

United Kingdom (Hybrid/Remote) | +44 7403 190750 | prosper.awuni@gmail.com | linkedin.com/in/awuniprosper

PROFESSIONAL PROFILE

I am a Certified Information Systems Security Professional (CISSP)-certified Senior Cyber Security Engineer with more than five years of enterprise security experience, specialising in Security Information and Event Management (SIEM), Security Orchestration, Automation and Response (SOAR), Endpoint Detection and Response (EDR), Privileged Access Management (PAM), and vulnerability management. I have managed and maintained robust security infrastructure protecting more than 8,000 users, and I am experienced in implementing WAF/DDoS controls, managing email and web security gateways, administering Multi-Factor Authentication (MFA)/Single Sign-On (SSO), Mobile Device Management (MDM)/Mobile Application Management (MAM), Identity and Access Management (IAM), and delivering security awareness training. I am now seeking a senior Cyber Security Engineer role within asset management or financial services where I can apply proven expertise in advanced SIEM engineering, CrowdStrike Falcon Endpoint Detection and Response (EDR), Microsoft Sentinel, and incident response to a focused high-performing security team.

CORE SKILLS AND TECHNICAL STACK

- **SIEM/SOAR:** Microsoft Sentinel (KQL), CrowdStrike Falcon NG-SIEM, SOAR playbook engineering, detection rule tuning, alert triage
- **EDR:** CrowdStrike Falcon (EDR, Prevent, Insight, Discover, NG-SIEM) - Expert; Microsoft Defender for Endpoint (MDE)
- **Identity and Access Management (IAM):** Entra ID / Azure Active Directory (AD), Conditional Access, MFA, SSO, Group Policy, BeyondTrust PAM
- **Email / Web Gateway:** Mimecast, WAF/DDoS management, IDS/IPS, web application security
- **MDM/MAM:** Microsoft Intune, Mobile Device Management (MDM), Mobile Application Management (MAM)
- **Vulnerability Management:** Tenable.io, AppCheck, Pentera Breach and Attack Simulation (BAS), Nessus, penetration test remediation
- **Firewalls:** Check Point Harmony, Palo Alto (Familiar), network security policy management
- **Incident Response (IR):** NIST 800-61, MITRE ATT&CK, Tier 3 escalation, threat hunting, forensic investigation
- **Scripting / Automation:** PowerShell, SOAR automation, Python (scripting)
- **Compliance Frameworks:** NIST CSF, CIS Controls, ISO 27001, Cyber Essentials Plus, MITRE ATT&CK

PROFESSIONAL EXPERIENCE

University of the Arts, London (UAL) | Senior Cyber Security Analyst / Engineer | March 2015 - Present
University of the Arts, London (UAL) | Senior Cyber Security Analyst / Engineer | March 2015 - Present
Falco NG-SIEM and EDR, Microsoft Sentinel, and Microsoft Defender for Endpoint (MDE), Identity (MDI), and Microsoft 365 (M365).

- Manage WAF/DDoS controls, web and email security gateways (Mimecast), firewalls (Check Point Harmony), MFA/SSO, MDM/MAM (Intune), IDS/IPS, and BeyondTrust Privileged Access Management (PAM), maintaining comprehensive security across the enterprise infrastructure.
- Lead Tier 3 security incident response, performing advanced threat hunting, forensic investigation, and root cause analysis (RCA) using CrowdStrike Falcon Insight and Microsoft Sentinel KQL queries, aligned to NIST 800-61 and MITRE ATT&CK.
- Engineer and maintain SIEM detection rules, correlation alerts, and SOAR automation playbooks in Microsoft Sentinel and CrowdStrike NG-SIEM, improving detection fidelity and reducing manual analyst effort.
- Manage vulnerability scans and remediation cycles using Tenable.io, AppCheck, and Pentera BAS, including co-ordinating penetration test remediation with technical teams and reporting risk posture to senior stakeholders.

- Administer Entra ID / Azure Active Directory, Conditional Access policies, Group Policy, and MFA/SSO to enforce identity access control and zero-trust security principles.
- Manage security certificates, patching tooling, and deliver regular security awareness training to staff across the institution.

University of the Arts London (UAL) – Cyber Security Analyst, Cyber Security and Identity
 Operated Mimecast email security gateway and web security controls protecting 8,000 users from phishing, malware, ransomware, and business email compromise (BEC).
March 2022 -- March 2025

- Monitored, triaged, and responded to SIEM alerts from Microsoft Sentinel and CrowdStrike Falcon EDR, performing incident investigation, containment, and remediation.
- Managed Microsoft Intune Mobile Device Management (MDM) and Mobile Application Management (MAM), enforcing device compliance and application policies across corporate and bring-your-own-device (BYOD) fleets.
- Administered Azure Active Directory / Entra ID, Conditional Access, MFA, SSO, and Group Policy, implementing identity access controls and reducing the attack surface from identity-based threats.
- Conducted proactive threat hunting using CrowdStrike Falcon Insight, identifying indicators of compromise (IoCs) and adversarial Tactics, Techniques, and Procedures (TTPs) referenced in the MITRE ATT&CK framework.
- Supported Check Point Harmony firewall policy management, IDS/IPS configuration, and contributed to security certificate management and patch management processes.
- Participated in penetration tests, coordinating remediation of findings and contributing to security awareness training delivery.

HUX Solutions Ltd (SaaS/FinTech) – IT Engineer, Security, Quality and Infrastructure
 Managed security (config, firewall, VPN, support security and infrastructure for a Software-as-a-Service (SaaS) FinTech platform, maintaining the confidentiality, integrity, and availability of critical business systems.
February 2021 -- March 2022

- Implemented Intune MDM/MAM for remote-first workforce, enforcing security baselines and application controls across corporate devices.
- Conducted vulnerability assessments, security audits, and coordinated remediation activities, producing risk reports for management.
- Managed identity and access management (IAM), user provisioning, Group Policy, and MFA enrolment aligned to security policy.
- Supported ISO 27001 and Cyber Essentials Plus compliance activities and contributed to ad-hoc IT security and infrastructure projects.

KEY ACHIEVEMENTS

- Deployed and optimised CrowdStrike Falcon EDR, Prevent, Insight, and Discover across 8,000+ endpoints at UAL, significantly reducing mean time to detect (MTTD) and mean time to respond (MTTR) to security incidents.
- Architected and managed Microsoft Sentinel as primary SIEM for UAL's 8,000-user estate, engineering 40+ custom KQL-based detection rules and SOAR playbooks aligned to MITRE ATT&CK, substantially reducing analyst alert backlog.
- Implemented BeyondTrust Privileged Access Management (PAM) across the enterprise estate, eliminating standing privileged access and enforcing just-in-time (JIT) access controls for all administrative accounts.
- Led vulnerability management programme at UAL using Tenable.io, AppCheck, and Pentera BAS, delivering measurable quarterly reductions in critical and high-risk findings.
- Managed Mimecast email security gateway for 8,000 users at UAL, implementing advanced threat protection rules that blocked phishing campaigns, malware delivery, and business email compromise (BEC) attempts at scale.

EDUCATION

- M.Sc. Environmental and Resource Engineering
- B.Sc. Chemical Engineering

CERTIFICATIONS

- Certified Information Systems Security Professional (CISSP)

- CompTIA Security+
 - Microsoft Certified Solutions Associate (MCSA)
 - CompTIA A+
 - Google IT Support Professional Certificate
